RE: Sports Accounting

On behalf of International Table Tennis Federation – Oceania (ITTF-O), I highly recommend Sports Accounting as a professional and highly skilled organisation.

We have worked with Sports Accounting since early 2019, when they restructured our accounts and put high quality systems in place. We have experienced significant improvements in the following areas:

- Online access to our accounts.
- Strict approval processes for payments.
- Streamlined entering of expenses.
- Setup systems to work with NZ's IRD for NZ based staff.
- Custom reports for all management to review.

Beyond the improved systems, Jeremy and Nataleigh have assisted with tax and audit advice, as well as attending meetings with government funding bodies and providing valuable financial advice.

In summary, Sports Accounting is a highly valued partner for us and is a company any sporting organisation can have confidence in.

Yours sincerely,
